Appropriations Policy Brief

H.R. 3010 Labor, HHS, Education Appropriations Act for FY 2006

BY THE NUMBERS:

In Millions of Dollars

	FY05	FY06 Bush Request	FY06 Committee	Cmte v. Request	Cmte v. FY05
Appropriations	142,843	141,653	142,514	+861	-329
<i>Emergency Approps</i>	347	0	0	0	-347
TOTAL	143,190	141,653	142,514	+861	-676

Excluding Emergency Appropriations, the Committee Bill is:

- **\$329 million (.2%) less than last year**
- **\$861 million (.6%) more than the request**

Budget Compliance: According to CBO, the bill is within the 302(b) allocation of the Labor-HHS-Education Appropriations Subcommittee and thus complies with the Budget Act. However, this bill is one example where the Committee funds non-defense accounts at levels above the request after under-funding the defense appropriations at levels below the request. This may be a budget concern if such defense funding is later provided in the form of an “emergency” to evade the allocations.

Unauthorized Appropriations: According to the Committee report, the bill appropriates \$67.3 billion for unauthorized appropriations, roughly 47% of the entire bill. The Rules of the House prohibit this practice, but the rule governing consideration of the bill waives this restriction.

Items of Note:

Pell Grant Shortfall: Includes \$4.3 billion to fix the Pell Grant “shortfall.” The shortfall resulted from not appropriating enough funding for all eligible students while removing the Department of Education’s authority to restrict eligibility according to what funds are available

(thus giving the program mandatory characteristics). In the past, the Appropriations Committee could artificially lower the cost of the Labor-HHS appropriations bill since a certain level of spending was set to flow forth on auto-pilot irregardless of the dollar amount in the bill. The Administration proposed to retire the shortfall and to address the gimmick by ensuring that Pell Grant funding would be scored at the expected cost of the program instead of the dollar amount in the appropriations bill. Congress enacted the scorekeeping adjustment via the budget resolution already, and H.R. 3010 retires the shortfall. This \$4.3 billion was provided for in the budget resolution and does not affect the deficit because the outlays were already spent in prior years.

Corporation for Public Broadcasting (CBP): Includes \$400 million for the CBP in FY08 funding. This funding was not requested by the Administration, and the full House Appropriations Committee added the money by amendment before the bill was reported. In addition, the bill includes a \$100 million rescission of FY06 funds. **Note:** In recent years, CBP has been provided in advance by two fiscal years.

Native Hawaiian Funding: Includes at least \$40 million to fund various health and education programs for Native Hawaiians (other programs allow funds to flow to Native Hawaiians without specifically earmarking them for that purpose). Some conservatives may be concerned that such benefits are being dispensed as if Native Hawaiians constitute an Indian tribe. However, Native Hawaiians are a racial group – not a tribe – and dispensing benefits to them would likely be subject to strict scrutiny in Federal courts. For more information on why Native Hawaiians are not a tribe and why they should not be made into a tribe, please see the following brief from the Senate Republican Policy Committee: <http://rpc.senate.gov/files/Jun2205NatHawSD.pdf>

President's High School Initiative: Declines to fund the Administration's \$1.5 billion new High School Initiative to expand the No Child Left Behind Act accountability reforms to high schools.

New Teacher Incentive Fund: Creates a new \$100 million Teacher Incentive Fund to reward teachers who increase student performance and agree to teach in high-need schools. The Administration requested \$500 million for the new program.

Community College Access: Declines to fund a new \$125 million program to expand college education for high school students.

Ban on Needle Exchanges: Prohibits the use of funds for needle exchanges.

Ban on Abortion Funding: Prohibits funds for abortions, except in the case of rape, incest, or the life of the mother (Hyde Amendment).

Conscience Protection for Health Care Facilities: Prevents local entities from discriminating against health care providers who decline to fund abortions (Hyde-Weldon Amendment).

Ban on Human Embryo Research and Human Cloning: Prohibits the use of funds for destructive human embryo research and cloning (Dickey-Wicker Amendment).

Medicare Advantage Anti-Discrimination: Prevents discrimination against Medicare Advantage plans who decline to cover abortions.

Presidential Terminations and Reductions:

- **Overview:** According to the Committee, the bill terminates 57 programs and saves \$2.8 billion (including in its count those programs not funded that were proposed by the President). The list of terminations and reductions include the following programs:
- **Healthy Community Access Program:** Eliminates \$83 million in funding for grants to healthcare providers to buy computers, develop disease management protocols, and develop referral arrangements.
- **State Planning Grant Program:** Eliminates \$11 million in funding for the State Planning Grant Program that funds grants to research and develop plans for expanding access to health insurance.
- **Trauma Care Program:** Eliminates \$3 million in funding for the Trauma Care Program, developed to help states improve their Trauma/EMS systems infrastructure.
- **Early Learning Opportunities Program:** Eliminates \$35 million in funding for the Early Learning Opportunities Program that supports local community efforts to help improve child development skills.
- **National Youth Sports:** Eliminates \$18 million in funding for the National Youth Sports program. The Administration proposed to terminate this program because the same grantee has received this funding for over 30 years.
- **Community Food and Nutrition:** Eliminates \$7 million in funding for the Community Food and Nutrition program. The Administration proposed to terminate this program because States already receive this type of assistance from USDA
- **Byrd Scholarships:** Eliminates \$41 million in funding for the Byrd Scholarships that support four-year scholarship assistance for high-performing high school students entering an undergraduate course of study.
- **Community Technology Centers:** Eliminates \$5 million for centers that offer access to computers and training in economically distressed areas.
- **Historic Whaling and Trading Partners:** Eliminates \$8.6 million in grant funding to support culturally based educational activities for Alaska Natives, Native Hawaiians, and children and families of Massachusetts.
- **Women's Education Equity:** Eliminates \$3 million in funding for grants that support activities that promote educational equality of girls and women.
- **Occupational and Employment Information:** Eliminates \$9 million in funding for State career guidance and academic counseling programs.
- **Tech Prep State Grants:** Eliminates \$5 million in funding for partnerships to expand vocational education at community colleges.
- **Demonstration Projects to Ensure Quality Higher Education for Students with Disabilities:** Eliminates \$7 million in funding for technical assistance and professional development for faculty and administrators who teach students with disabilities.
- **Interest Subsidy Grants:** Eliminates \$2 million in funding to finance the interest subsidy costs of a portfolio of higher education facilities loans guaranteed by the federal government.
- **Thurgood Marshall Legal Educational Opportunity:** Eliminates \$3 million in funding for assistance to minority and low-income students complete law school.

- **Underground Railroad Program:** Eliminates \$2 million for grants to nonprofit educational organizations that promote awareness of the history of the Underground Railroad. The Administration proposed to terminate this program because the program has accomplished its mission.
- **Dropout Prevention:** Eliminates \$5 million to support dropout prevention programs in schools and districts with above-average dropout rates.
- **Mental Health Integration in Schools:** Eliminates \$5 million for grants to States and school districts to support mental health activities in schools.
- **Literacy Programs for Prisoners:** Eliminates \$5 million for grants to correctional institutions and educational agencies for programs to help improvement of “life skills.”
- **Foundations for Learning:** Eliminates \$1 million for grants to help kids under the age of seven who have multiple at-risk characteristics.
- **Alcohol Abuse Reduction:** Eliminates \$33 million in funding to support programs to help reduce alcohol abuse in schools.
- **Arts in Education:** Eliminates \$36 million for non-competitive awards to Very Special Arts and the John F. Kennedy Center for the Performing Arts and competitive awards to integrate arts into the school curriculum.
- **Excellence in Economics Education:** Eliminates a \$2 million grant to a single non-profit educational organization to promote economic and financial literacy for K-12 children.
- **Foreign Language Assistance:** Eliminates \$18 million in funding for improving and expanding foreign language instruction.
- **Javits Gifted and Talented Education:** Eliminates \$11 million in funding for the educational needs of gifted and talented students.
- **Parental Information and Resource Center:** Eliminates \$42 million for states and localities to increase parental education and family involvement.
- **Ready to Teach:** Eliminates \$14 million for grants to nonprofit telecommunications entities that seek to improve core curriculum teaching.
- **Star Schools:** Eliminates \$21 million in funding for distance education projects.
- **International Labor Affairs Bureau:** Reduces funding for the International Labor Affairs Bureau from \$93 million to \$12 million. This bureau supports the Secretary of Labor and the President’s international labor agenda through policy, research, analysis, and advocacy. It was expanded in the late 1990s to provide grants to combat child labor, disseminate AIDS prevention information, and provide technical assistance.
- **Office of Disability Employment Policy:** Reduces funding for the Office of Disability Employment Policy (ODEP) from \$47 million to \$28 million. The ODEP was created by Congress in 2001 to assist in increasing the employment opportunities for people with disabilities in the Department of Labor.
- **Reintegration of Youthful Offenders:** Terminates \$50 million in funding for the Reintegration of Youthful Offenders Program to educate and train ex-offenders under the age of 35.
- **Programs of Regional and National Significance (PRNS):** Reduces funding for the HRSA Programs of Regional and National Significance from \$792 million to \$754 million. The PRNS supports mental illness and substance abuse information, treatment, and service programs. The Administration requested \$687 million for PRNS.
- **State, Local and Hospital Bioterrorism Preparedness Grants:** Reduces funding for State, Local and Hospital Bioterrorism Preparedness Grants from \$1.4 billion to \$1.3

billion. These grants fund efforts to increase preparedness against a bioterrorist attack. The Administration requested \$1.2 billion for these grants.

- **CDC Preventive Health and Health Services Block Grant:** Reduces funding for the Preventive Health and Health Services Block Grant from \$131 million to \$100 million. This grant program funds a variety of activities, including chronic disease prevention, public health infrastructure, services for sex offenses. The Administration proposed to terminate this program.
- **Youth Media Campaign:** Reduces funding for the CDC Youth Media Campaign, known as “VERB,” from \$59 million to \$11 million. This campaign encourages young people aged 9-13 to be more physically active. The Administration requested termination of this program.
- **Health Professions:** Reduces funding for the Health Professions training grants program from \$447 million to \$197 million. This program subsidizes people to enter medical careers. The Administration requested less funding, \$161 million.
- **Rural Health:** Reduces funding for Rural Health programs from \$147 million to \$64 million. These programs provide funding to Critical Access Hospitals and State offices of rural health. The Administration requested less funding, \$33 million.
- **Even Start:** Reduces funding for the Even Start program from \$225 million to \$200 million for early childhood and adult education classes, parenting classes, and “family literacy” programs for low-income children and parents. The Administration proposed to terminate this program.
- **Safe and Drug-Free Schools State Grants:** Reduces funding for the Safe and Drug-Free Schools State Grant program from \$437 million to \$400 million for youth crime reduction and drug-abuse. The Administration proposed to terminate this program.
- **Educational Technology State Grants:** Reduces funding for the Educational Technology State Grants program (using technology to improve learning) from \$496 million to \$300 million. The Administration proposed to terminate this program.
- **Comprehensive School Reform:** Reduces funding for the Comprehensive School Reform program (for research-based school reform models) from \$205 million to \$10 million. The Administration proposed to terminate this program.
- **Teacher Quality Enhancement Program:** Reduces funding for the Teacher Quality Enhancement program (teacher training in high-need districts) from \$68 million to \$58 million. The Administration proposed to terminate this program.
- **Projects with Industry:** Reduces funding for the Projects with Industry program from \$22 million to \$20 million (assisting individuals with disabilities gain employment). The Administration proposed to terminate this program.
- **Supported Employment:** Reduces funding for the Supported Employment program from \$37 million to \$30 million (encouraging vocational rehabilitation agencies to employ individuals with disabilities). The Administration proposed to terminate this program.
- **Workforce Investment Act Pilots and Demonstrations:** Reduces funding for WIA Pilot and Demonstration programs (improving job training methods) from \$85 million to \$74 million. The Administration requested less funding for this program, \$30 million.
- **Maternal Child Health Block Grant:** Reduces funding for the MCH Block Grant program from \$724 million to \$700 million.
- **Ready-to-Learn TV:** Eliminates \$23 million in funding for the Ready to Learn TV program.

Proposed Terminations or Reductions Not Adopted by the Committee:

- Emergency Medical Services for Children, \$19 million
- Traumatic Brain Injury, \$9 million
- Universal Newborn Hearing Screening, \$10 million
- Real Choice Systems Change Grants, \$40 million
- Children’s Hospitals Graduate Medical Education Payment Program, \$200 million
- Migrant and Seasonal Farmworkers Training Program, \$2 million
- GEAR UP, \$307 million
- Upward Bound, \$313 million
- Talent Search, \$145 million
- Smaller Learning Communities, \$94 million
- Perkins Loans: Capital Contributions and Loan Cancellations, \$66 million
- Regional Educational Laboratories, \$66 million
- National Writing Project, \$20 million
- School Leadership, \$15 million
- Close-Up Fellowships, \$2 million
- Elementary and Secondary School Counseling, \$35 million
- Civic Education, \$29 million
- Tech Prep Education Grants, \$106 million
- Leveraging Educational Assistance Program (LEAP), \$66 million
- B.J. Stupak Olympic Scholarships, \$980,000
- Adult Education State Grants, \$570 million
- State Grants for Innovative Programs, \$198 million

Earmarks:

With regard to the Labor-HHS-Education appropriations bill, the Committee normally waits until a final conference report before inserting House earmarks. The Committee continues this practice this year.
